

## CHUCK WICK Associate

**Chuck Wick is meticulous and thorough in his review of MEPF systems.**

Chuck Wick joined Altieri in 2012 after over 25 years in sheet metal design, drafting, fabrication, and coordination. Chuck has an extensive knowledge of the complexities of MEP construction, particularly the coordination of mechanical systems with structure, architecture, and the other trades. His ability to solve coordination problems in the field as they arise has made him a key part of our successful construction administration process.
