

KEVIN DESROUILLERES Associate

Kevin Desrouilleres is a meticulous plumbing and fire protection engineer who provides strong leadership on complex projects.

Kevin joined Altieri in 2011. He is lead plumbing and fire protection engineer on a range of projects including theatre and performing arts venues, museums, and higher education buildings. Kevin was instrumental in the success of the Prior Performing Arts Center at College of the Holy Cross in Worcester, Massachusetts. He conducts detailed engineering calculations, handles contract document production, coordinates with other trades and consultants, and manages construction administration on projects including Glenstone Museum and Museum of the City of New York.
